2010-2011 CLASS OFFERINGS

Eligibility for our early childhood programs and elementary school grades is based upon the age of the student on September 1, 2010. Within the early childhood program, however, there are a few specialty classes designed for children that are older or younger than those in the primary programs. Any additional eligibility requirements (age, previous school experience, etc.) for these programs are specified next to the class listing. If no enrollment age is specified, the September 1st age requirement applies.

All programs require the student to bring a lunch from home.
